## About the Tunnel Hill Races

Living in nearby Paducah, Kentucky, I spent many days exploring the Tunnel Hill rails-to-trails path. The old train trestles, the breathtaking scenery, and especially the dark, cool tunnel captured my imagination. Despite knowing no trains still used the tunnel, I always felt a twinge of fear when approaching its seemingly narrow center.

In 2004, after completing my first 100-miler, the idea of hosting a 100-mile race on the Tunnel Hill State Trail took root. I discussed the possibility with Jason Claunch, and together, we've hosted the race for ten years now.

What an incredible course it is! Fast! The Tunnel Hill course is proving to be perhaps the fastest hundred-mile race not only in the United States but in the world.

Unlike on a track, you don't have to navigate around slower runners all day, or if you're slower, you don't have to constantly yield to faster runners.

There are no altitude concerns, as the elevation ranges between 340' and 680' above sea level. No daunting hills; instead, a gentle overall grade of less than 2%.

No roots, rocks, or indentations in the trail to contend with at night. This is a packed, crushed limestone trail, smooth and firm, with occasional droppings from the trees lining the course. We intentionally schedule the race in mid-November to avoid the hot, humid days.

This simply seems to be the perfect 100-mile race for first-time ultramarathoners (and everyone wants to run 100 miles now, don't they? Just like the same runners who, several years ago, were facing their first marathon).

It's also ideal for veterans to break that elusive 24-hour barrier or for faster runners to finally crack the 20-hour mark.

The 50-mile or Marathon might be the perfect race for you if you're seeking a shorter distance while your significant other tackles the 100-mile race, or if you're an experienced runner who values generous cutoffs. Alternatively, if you're aiming to qualify for the Boston Marathon, the Marathon race is the ideal choice.

And... don't think that because it's a rails-to-trails path that it will be boring. Nothing could be further from the truth. The trail winds beautifully through gorgeous overlooks, utilizing some very cool bridges. It'll take your breath away.

Thanks to Assistant Director, Jason Claunch, for his outstanding work in securing some of the best volunteers anywhere. River to River Runners Club, West Kentucky Runners Club, and the wonderful people of Vienna, Illinois, and Johnson County, and those at Tunnel Hill State Trail.

We look forward to welcoming you to the race!

Steve Durbin - Race Director

stal·wart

/ 'stôlwært/

*noun*

plural noun: **stalwarts**

a loyal, reliable, and hardworking supporter or participant in an organization or team.

# Tunnel Hill

## Percentage of Finishers Under x Hours

Nearly half (48.5%) of all finishers complete the race in under 24 hours, with an average finish time of 24:03:21 (the median being 24:23:53).

# Tunnel Hill

## Number of Finishers by 15 Minute Increment

Tunnel Hill awards buckles to runners who finish under 24 hours and under 20 hours. There is a noticeable clustering of finishers in the 15 minutes leading up to the buckle cutoffs, with fewer finishers in the 15 minutes following the cutoffs. This pattern is also evident at the 13 and 15 hour marks. A sub 16 hour buckle was added in 2023, where two runners finished just before 16 hours, and none just after. It will take a few years to see the trend in this high level view of all the races since 2014.

# Tunnel Hill

## Runner Summary

Key: 100 miles / 50 miles / Marathon
